UFOX Precision Game
REF: UFOX-S

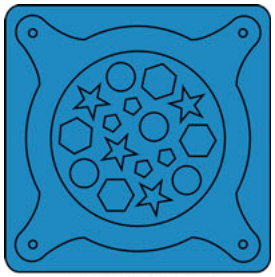

Description:
Ufox is a brandnew fun competition game that fits on drink-cans, bottles and other rounded shapes. There are several catapulting zones for more players. Each player receives a number of identical pieces which must be catapulted inside an empty can, one or more caps, the cup-shape bottom of a can or another target. The small 'foam shapes' are put on the lancing shapes and these are bend down to catapult the small shapes.
Shapes are also possible for squared and rectangled packaging systems (cfr. Tetrabrics).
